Main Office	FS Federal LLC, 134 N 4th St, Brooklyn, NY 11249-3296 | (908) 913-0371 | nasasewp@fsfederal.com

SEWP Overview

NASA SEWP (Solutions for Enterprise-Wide Procurement), pronounced "soup," provides Information Technology, Communication, and Audio-Visual (ITC/AV) products, solutions, and services to all Federal agencies and their approved contractors. Created in 1993, SEWP was the first Government-Wide Acquisition Contract (GWAC) in federal acquisition. The program is self-funded through a 0.34% SEWP usage fee that is included in the price of every offering and order. The full SEWP VI period of performance runs from November 1, 2026 through October 31, 2036, consisting of a five-year base period and one five-year option; orders may be completed up to 60 months after contract expiration.

Fair Opportunity

FAR 16.505(b)(1) requires that each contract holder be given fair opportunity to be considered for each order exceeding the micro-purchase threshold issued under multiple-award contracts. The method used to provide fair opportunity is at the discretion of the Contracting Officer (CO), who documents the rationale for placement and price of each order. The SEWP Quote Request Tool (QRT) is the recommended method. FS Federal LLC will not market, quote, or offer any solution under SEWP until it is included in the SEWP database of record and available to all Government end users.

How to Obtain a Quote

Submit requests through the SEWP Quote Request Tool at www.sewp.nasa.gov, or contact FS Federal directly for services under the Category B and Category C contracts. Please include the requirement summary, period of performance, place of performance, and any required certifications or clearances.

Michael Manalo, Program Manager (PM) michael@fsfederal.com | (908) 913-0371	Olivia Redick, Deputy Program Manager (DPM) olivia@fsfederal.com | (571) 223-8873

Technical Support and Post-Delivery Issues

For service delivery questions, technical support, deliverable acceptance, and other post-award issues, contact:

Michael Manalo, Program Manager (PM) michael@fsfederal.com | (908) 913-0371	Olivia Redick, Deputy Program Manager (DPM) olivia@fsfederal.com | (571) 223-8873

Troubleshooting a Problematic Order

To report or resolve an issue with an existing order, including order discrepancies, modifications, or invoicing, contact the PM or DPM. Issues not resolved within two business days may be escalated to the SEWP Program Management Office.

Michael Manalo, Program Manager (PM) michael@fsfederal.com | (908) 913-0371	Olivia Redick, Deputy Program Manager (DPM) olivia@fsfederal.com | (571) 223-8873

What's in Scope

Category B: Enterprise-wide ITC/AV Service Solutions. Category C: ITC/AV Mission-Based Services. If you are unsure whether a requirement is in scope, send an overview or bill of materials to help@sewp.nasa.gov for a quick review.

Ordering Process

Internal ordering processes vary by agency. Typically, an end user identifies a requirement and generates a Purchase Request (PR), which is routed through the agency's procurement office and results in a Delivery Order (DO). Any valid Federal agency DO form may be used. The NASA SEWP Program Management Office does not issue DOs; orders are issued by the ordering agency and sent to FS Federal LLC as the Contract Holder, with a copy provided to SEWP per agency procedures.

About FS Federal LLC

FS Federal LLC is an SBA Mentor-Protégé Joint Venture between FedWriters, Inc. (mentor) and Storij Inc. dba The So Company (protégé). FS Federal delivers enterprise-wide and mission-based ITC/AV service solutions to Federal agencies under NASA SEWP VI. Visit https://www.fsfederal.com.
